

HD7500H

Heavy Duty 610mm wide Punching System

Description

The Rhin-O-Tuff HD7500H, wide format punching system, offers an unbeatable 610mm (24") punch width, as with all Rhin-O-Tuff equipment the tooling is open ended for even larger sheet sizes if required. Ideally suited to Calendar work and larger digital applications. With an extendable feed tray to handle larger sheet formats. The HD7500H has double motors and is rated at up to 40 pages per punch (based on 80gsm paper and tooling), giving an incredible 15 to 18,000 sheets per hour. As with all Rhin-O-Tuff equipment, tool change can be achieved in less than 30 seconds with a range of 12 standard tooling patterns available.

RRP £5,499.00 + VAT

Features and Benefits

- FREE Standard die included.
- Pull out extension table for larger size jobs, reduces footprint when not in use.
- Quick change Die system with all pins selectable with no tools required.
- 610mm/24" open ended punching width, allows for wider applications.
- 90 cycles per minute.
- Rated at up to 40 single sheets dependent on tooling choice.
- Extra high capacity chip tray, large slide out container, never worry about overfills.
- Smooth, quiet power on demand operation.
- Built in Die storage for two tools.

Technical Specification

Dimensions (mm):	H 432 x W 813 x D 508
Weight:	67.3 Kgs
Power Requirements:	230v 50Hz 8amps
Method of Operation:	Foot Pedal/Versa switch
Safety Approvals:	CE

Related Equipment

- HC8318 (for Calendar wire closing)
